[01] **Voice of The Mountain** - One day I went walking / down the mountain / a lonesome brother / reached for my hands / and he said / hear / can you hear / the voice of the mountain? / The voice of the mountain? // One day I went walking / down the mountain / a lonesome child / reached for my hand / and she said / hear / can you hear / the voice of the mountain? / The voice of the mountain? // Birds are singing and the sky is smiling / coyotes laughing and the earth is smiling // Can you hear? / Can you hear / the voice of the mountain? / The voice of the mountain? //

[02] **Recipe for Love** - Strangers in the city / out of touch with the people they knew / Makin' friend ain't what it used to be / All they had to do was just say hello / Beyond the river / beyond the ocean of tears / Beyond a reason / there's / there's really no need for reason // All we have to do is just let go // I know love's not all you see / when you're hanging on to your misery / cause / I've seen brighter days / On your recipe for love // Strangers in the city / what to do with all our memories / make new friends in the city / don't let your love just blow away // All we have to do is just let go // I know love's not all you see / when you're hanging on to your misery / cause / I've seen brighter days / On your recipe for love // Your recipe for love / your recipe for love / make your recipe for love //

[03] **Stay Awhile** - Stay awhile with me why don't you / Spend awhile with me / Until I found a place / of my own in your heart / Everywhere, everywhere I go / And Every time, every time I see your smile / I recognize the smile within my heart // Cuz there's a million thing I'd like to say / And there's a million things I'd like to do / But the only thing, the only thing I trust is your love / Your love / I'm talking 'bout your love / Your love your love your love your love // I spent awhile in my room at night / I spent awhile lookin' at my life / And every time every time I saw you lyin' there I shed a tear / a tear I shed a tear / a tear // Cuz there's a million things I'd like to say / And there's a million things I'd like to do / But the only thing / the only thing I trust is your love / Your love / I'm talking 'bout your love / Your love your love your love your love //

[04] **One True Love** - Sometimes I feel robbed / like I have lost my only friendship / Sometimes people say / it'll take some time to let you go // And I / I keep holding on / And I / I keep my head held strong / And I / I keep comin' back to this / To my / my one true love // Sometimes people say / what makes a man has made his heartache / And Sometimes I believe / what people say has made the man // And I, I keep holdin' on / And I, I keep my head held strong / And I, I keep comin' back to this / To my, my one true love // People say I can't love without cryin' / And people say I can't live and not trust / I'll try to love with my heart broken open / To your love // And I, I keep holdin' on / And I, I keep my head held strong / And I, I keep comin' back to this / To my, my one true love //

[05] **Boulevard** - I walked along / the Boulevard / lookin' for love / just lookin' for love // I smiled upon / the boulevard / lookin' for love / just lookin' for love // On and on it plays / the same old song / on the same old page / it reads / the words / the words you asked of me // Are you ready? / Are you ready for this love? / Come and get your love / Come and give your love today // I never was / the kind of man / who'd get his fix / on stayin' mad / but I've walked along / this lonely street / and I won't be mad / to give it all away // Are you ready? / Are you ready for this love? / Come and get your love / Come and give your love today //

[06] **Lay My Body Down** - Lay my body down / Come rest your weary heart / Lay my body down / Inspire me with your loving arms / I want eyes / I want my ears / My nose / My tongue / My body / I want my life / I want my love / Come set / Come set me free // I never understood / How a man becomes a man / How I became a man overnight / I never understood / Why you did the things you did / Why you said the things you said to me // I want my eyes / I want my ears / My nose / My tongue / My body / I want my life / I want my love / Come set / Come set me free //

[07] **Do You Wanna Go For A Ride?** - It's been awhile since I lost saw you I was / I was hopin' for a ride / And you said / It was just last weekend baby / when you / you pulled me off to the side and said / it's been a / it's been a long long time now honey / do you / do you wanna go for a ride? / And I said / It wasn't me ya see / cause I / I was off in New York City / Maybe / Maybe then you thought it was me / Is that a / Is that a possibility? // After all this time / I won't be silent anymore / So I'll take these tears / And send you / Headin' out the door / The pile of clothes you had lent for me to keep / are yours / 'cuz I don't want them // I tried to bully-up to it baby / even / even tried to lie to you / and now I / I won't pretend to try and explain / because you know all the things that we've been through // After all this time / I won't be silent anymore / So I'll take these tears / And send you / Headin' out the door / The pile of clothes you had lent for me to keep / are yours / 'cuz I don't want them //

[08] **The River** - This one's for me / I've taken fault / I've seen it all from you / The endless thought / In every wake / Will be the tide of yours // This one's for me / I've brought the cold / But I'll bring a smile again // [Piano Interlude] // I'm on my

way / To wash my feet in the river / My time has come / To follow free // Some people say / Our lives are hard / I've seen it all / from here // One stops to rest / one learns to fight / But I'll keep my place / out here // [Piano Interlude] // I'm on my way / To wash my feet in the river / My time has come / To follow free // I follow free / We follow free / I follow free / She follows free / He follows / You follow / They follow free / We follow free //

[09] *Whispers In The Wind* [Piano Instrumental]

[10] *Tied A Ribbon* - I tied a ribbon 'round the moon / Close your eyes / And you will see // All the colors of your soul / live within a beautiful pearl / I tied a ribbon 'round the moon // Close your eyes / And make believe / what's inside your fairy tale / is a bright and shimmering me / In your hands are my hands / In your tears are my tears / In your smile is my smile / So don't cry / Don't cry / Dry your eyes little bird / Today is a beautiful day // I tied a ribbon 'round the moon / Close your eyes / And you will see // All the colors in a pearl / live within both you and me // In your hands are my hands / In your tears are my tears / In your smile is my smile / So don't cry / Don't cry / Dry your eyes little bird / Today is a beautiful day //
